# the ANDRE CHRONICLES

The Giveaway Blast Off

# Dear Caregivers,

As part of our commitment to fostering a love of reading and learning, here are some tips on how you can support your child's oral language skills while reading together at home. In this book, Andre and his family use their imagination to turn chores into a fun sorting game.

## Why Sorting is Important

Identifying categories and sorting helps children learn how to group things by common features--color, shape, or type. This builds important skills such as organization, problem-solving, attention, and vocabulary, which they will use in school and everyday life.

## Tips for Reading Together

Reading together can help you connect with your child and support their learning. Here are a few tips:

**Ask Questions:** Pause and ask what your child thinks will happen next or how Andre might be feeling.

**Talk About the Pictures:** Encourage your child to describe what they see in the illustrations.

**Use Fun Voices:** Make the story come alive by using playful voices for different characters.

**Connect the Story to Real Life:** Ask if your child has ever helped sort or clean and how it made them feel.

**Let Your Child Take the Lead:** Invite your child to turn the pages, point to words or pictures, or even help read along if they can.

## Practicing at Home

Here are some easy ways you can help your child learn from the story:

**Talk About the Categories:** Ask your child what things Andre sorted and how he knew they belonged together.

**Sort Together:** Let your child sort toys, clothes, or kitchen items at home. Talk about what makes them the same or different.

**Use Simple Words:** Help your child use descriptive words like "soft," "round," or "for playing music" when talking about how they sorted things.

**Explore FCRR Activities:** FCRR has several activities that can be printed and done at home to work on sorting skills, such as Category Blast Off, Cube Word Sort, and Transportation Key Sort. You can find these by scanning the QR code on this page.

By incorporating these strategies into your reading routine, you will help your child build strong sorting skills. Thank you for being such a wonderful and supportive part of your child's learning journey. We hope this book brings you many joyful moments together and helps your child develop a lifelong love of reading.
